## Description

Item No.: KSE-01

Description: Electric Wheelchair

Half-reclining electric wheelchair, detachable seat, PU tyre, 33AH lead acid battery, adjustable width and height of armrest. Flip-up and folding footrest. Convenient operation of electric control equipment. Buttoned seat belt. Shock absorption ways of Lever type, six wheels' touchdown make sure that you have a stable and safe environment on driving.

The perfect combination of comfortable\ durable seat and steel frame, which provides you a stable and safe environment on driving.

Total length: 1020 mm

Total width: 620 mm

Total height: 1080mm

Seat width: 500 mm

Seat depth: 500mm

Weight: 94 KGS (with battery)

Caster: 6"\*4"Solid PU tire

Drive Wheel: 10"\*2"Solid PU tire

Speed: 6 km/h

Slope climbing: 9 degrees

Weight capacity: 136 KGS

Turning radius: 650 mm

Barrier climbing height: 35 mm

## 2. Electric Wheelchair (KSE-02)

<b>Origin</b>	China	<b>Trademark</b>	KONSUNG
<b>Serial/Model NO.</b>	KSE-02	<b>Type</b>	Wheelchair
<b>Power Supply</b>	Electric-Powered	<b>Using Site</b>	Hip

### Availability

<b>Production Capacity</b>	1000PCS/Month	<b>Packing</b>	Standard Export Carton

### Description

Item No.: KSE-02

Description: Electric Wheelchair

Overall design of battery case, folding without removing battery, easy to carry and store, PU tyre, 20AH rubber battery, many colors for your choice: Shiny silver\candy red\bronze\sapphire and etc. Flip-up armrest, particular design of frame, stable body, convenient operation of electric control equipment, It provides you a comfortable and stable driving environment due to the comfortable\durable\the perfect combination of antibacterial fabric and aluminum alloy, seat width: 550mm.

Main parameter:

Seat width: 470mm (not include the armrest)

Seat depth: 390mm

Back height: 450mm

Total height: 950mm

Fabric: Antibacterial fabric

The ground clearance: 500mm

Total width: 625mm

Total length: 960mm

Driving wheel/tyre: 12.5"x2.25"x2 pcs (solid tyre)

Universal wheel/tyre: 8"x2"x2 pcs (Solid tyre)

Pedal: Adjustable

Total weight: 26kg (not include the battery)

The weight of battery pack: 14kgs

Height of armrest: 200mm

The stability of machine: Lengthways: 20° Side direction: 15°

Battery: 6-DZM, 12V 20AH, 2pcs

Max. Weight capacity: 90kgs

Speed: 0-6km/h

Min. Turning radius: : 770mm

Max charge endurance: 20km

Braking distance: <1200mm

Slope climbing: 8°

Charger model: AM200-24AL 3A

Input voltage: AC 190-240 V

Input power: 230VA

Charging power frequency: 50HZ

Charging time: 8 hours

Output power: 2\*200W

The measure of out pack: Up carton: 97cm\*44cm\*94cm

Down carton: 96cm\*42cm\*21cm

### 3. Electric Wheelchair (KSE-03)

<b>Origin</b>	China	<b>Trademark</b>	KONSUNG
<b>Serial/Model NO.</b>	KSE-03	<b>Type</b>	Wheelchair
<b>Power Supply</b>	Electric-Powered	<b>Using Site</b>	Hip

#### Availability

<b>Production Capacity</b>	1000PCS/Month	<b>Packing</b>	Standard Export Carton
