Jammu focuses on commercial mango cultivation

SKUAST-J develops 186 orchards in Jammu district to grow king of fruits

ABHINAV VERMA

Jammu, July 21: Taking advantage of centrally sponsored National Horticultural Mission for North Eastern and Himalayan states, Jammu district in the state has developed as many as 186 mango orchards over and above the area already under mango plantation this year.

Talking to *Greater Kashmir*, SK University of Agricultural Sciences and Technology Jammu (SKUAST) expert, Dr Rajinder Pishan, said that they have developed a total 186 orchard s across Jammu district to enhance income of the farmers especially in the case and crop failure.

He informed that the orchards have been developed in different areas of Jammu district including Balwal, Damsal, Khor and Akhnoor. “The areas have been chosen for the activity as they lack adequate irrigation facilities,” he said.

He said the decades old mango orchards have also been rejuvenated in Akhnoor. “After 40 years the plants need a treatment and this is the regular process being done under the mission” he said.

He informed that only one variety of mango plants ‘Dussari’ were planted in all orchards as the center government gives subsidy on this variety only.

He said that before developing the orchards, the SAKAUST-J conducted study at 50 such places including

25 old orchards across Jammu and Samba districts.

Pertinently, according to some estimates Jammu has 10,700 hectares land under mango plantation which last year produced 12,000 MT fruit.

The National Horticulture Mission, a centrally sponsored scheme was launched in 2005-06 to enhance horticulture production and improve nutritional security and provide income support to farm households and others through area-based regionally differentiated strategies.

For the schemes under the Mission, the Government of India contributes 85 percent funds, while 15 percent contribution is made by the State Governments.
